The Joy of Tax!!!

"You must pay taxes. But there’s no law that says you gotta leave a tip."  
(Morgan Stanley Brokerage advertisement)

"The hardest thing in the world to understand is the Income Tax."  
(Albert Einstein)

The opera reminds me of my tax audit. It was in a language I didn’t understand. And it ended in 
tragedy."  ("Jeff MacNelly’s Shoe")

“I have something my doctor calls ‘narcotaxes.’ Within 20 minutes of hearing someone launch into 
an explanation of tax laws, my eyes become glassy, my body losses all feeling, and I go into a 
shallow coma.”  (Russell Baker)

“Virtually all persons or objects in this country . . . may have tax problems. Every day the economy 
generates thousands of sales, loans, gifts, purchases, leases, wills, and the like, which suggests the 
possibility of tax problems for somebody. Our economy is tax relevant in almost every detail.”  
(Potter Stewart)

Materials:

Item #1: Joel S. Newman, Dorothy A. Brown & Bridget J. Crawford, Federal Income Taxation: 
Cases, Problems, and Materials (7th ed. 2019) (the “NBC Casebook”)

Item #2: Steven A. Bank & Kirk J. Stark, Selected Sections: Federal Income Tax Code and 
Regulations, 2019-2020 Edition (the “Statutory Supplement”) (note: you can use the 
2020-2021 edition or any recent edition)

Item #3: Corpak #1 – This will provide additional reading material for the first four classes 
(approximately) (to be provided on TWEN before the first class)

Item #4: Additional Corpaks – These will follow Corpak #1 and will provide additional reading 
material for the classes (to be provided on TWEN)

Item #5: Extra Material Document: This will contain miscellaneous items for the course and will 
be posted on the TWEN page.

Item #6: There may be additional materials posted on TWEN from time to time.

Course Description: This course is a survey of the federal income taxation of individuals. Topics 
will include the definition of gross income, exclusions from gross income, the requirements for
various tax deductions, timing issues, and capital gains and losses. The course will highlight income tax problems frequently faced by attorneys in general practice, such as the tax aspects of settlements and damage awards, the deductibility of attorney fees, and the tax consequences of sales and exchanges.

**Grades & Final Exam Information:** There will be one exam at the end of the semester during the regularly scheduled exam period. At the time this Syllabus was prepared, the day and time of the exam for this particular class had not been posted yet. The exam likely will be a mix of multiple choice and essay questions; there may also be short answer essay questions. It is anticipated that the grades for the course will be determined by performance on the final examination.

**Attendance Policy:** You are allowed to miss six (6) classes.

**Writing Assignment:** We will have a writing assignment to comply with the writing-across-the-curriculum requirement and the requirement to have a bar exam-type assessment. Satisfactory completion of the assignment is required to be eligible to take the exam and complete the course.

**Recording of Classes:** Students may audio record classes unless the professor announces that this policy has changed. The professor may audio record classes, and the professor may video record using standard Law School’s technology. Classes may also be recorded for ADA compliance purposes.

**Student Learning Objectives:** At the end of this course, students will be able to:

- Analyze a federal income tax return and describe aspects of the individual’s economic activity for the year and make predictions about the individual’s total economic wealth.
- Argue about whether the structure of the federal income tax system is appropriately progressive or not, or whether certain provisions of the tax law treats taxpayers fairly.
- Estimate the amount that a plaintiff needs to recover in a settlement (or in a damage recovery) to receive a target amount after-tax.
- Estimate the amount that a defendant can pay in a settlement (or in a damage recovery) based on the after-tax cost the defendant plans to incur to conclude the lawsuit.
- Analyze a method for a client to save capital gains taxes on a sale of certain types of property.
- Identify tax issues involved when a client receives amounts; make effective arguments about whether those amounts are taxable income; and if taxable, what year those amount will be taxed.
- Analyze whether an employee who receives employer-provided housing, discounts on merchandise, meals, and other fringe benefits, will be taxed on those benefits.
- Identify tax issues involved when a client pays certain amounts; make effective arguments about whether those amounts are tax deductible; and if tax deductible, in what year the amount may be deducted.

**Emergency Procedures:** We ask that you become familiar with Emergency Preparedness@SIU. Emergency response information is available on posters in buildings on campus, on the Emergency Preparedness@SIU website, and through text and email alerts. To register for alerts, visit: http://emergency.siu.edu/.
Disability Policy: SIU Carbondale is committed to providing an inclusive and accessible experience for all students with disabilities. Disability Support Services coordinates the implementation of accommodations. If you think you may be eligible for accommodations but have not yet obtained approval please contact DSS immediately at 618-453-5738 or disabilityservices.siu.edu. You may request accommodations at any time, but timely requests help to insure accommodations are in place when needed. Accommodations and services are determined through an interactive process with students and may involve consideration of specific course design and learning objects in consultation with faculty. Upon completion of a Disability Accommodation Agreement with DSS, students should bring the agreements for each course to the School of Law Registrar’s Office to ensure the School of Law provides the proper classroom and examination accommodations. Accommodation request and renewal forms can be found here: https://law.siu.edu/academics/.

Saluki Cares: The purpose of Saluki Cares is to develop, facilitate, and coordinate a university-wide program of care and support for students in any type of distress — physical, emotional, financial, or personal. By working closely with faculty, staff, students and their families, SIU will continue to display a culture of care and demonstrate to our students and their families that they are an important part of the community. For information on Saluki Cares: (618) 453-2461 or siucares@siu.edu, http://salukicares.siu.edu/index.html. At the School of Law, Assistant Dean Judi Ray is also available to help students access university resources. Her email is judiray@siu.edu, and her phone number is 618-453-3135.

COVID-19: As a condition of on-campus enrollment, all SIUC students are required to engage in safe behaviors to avoid the spread of COVID-19, including the requirement that all students wear a mask in campus buildings, including classrooms, laboratories, and studios when others are present, regardless of social distancing. Students are expected to follow physical or social distancing guidelines by keeping at least 6 feet from others, and practicing good hand hygiene. Failure to comply with this policy may result in dismissal from the current class session. If the student refuses to leave the classroom after being dismissed, the student may be referred to the Office of Student Rights and Responsibilities. SIUC will follow federal, state and county public health recommendations and mandates in all decisions relating to university operation. Students should regularly review the link for the SIUC COVID-19 response.

Workload Expectation: The American Bar Association standards for accrediting law schools contain a formula for calculating the amount of work that constitutes one credit hour. According to ABA Standard 310(b)(1), a “credit hour” is an amount of work that reasonably approximates: not less than one hour of classroom or direct faculty instruction and two hours of out-of-class student work per week for fifteen weeks, or the equivalent amount of work over a different amount of time. This is a 3-credit hour class, meaning that we will spend two 75-minute blocks of time together each week (on Tuesday and Thursday). The amount of assigned reading and out of class preparation should take you about 6 hours for the week. All told, applying the ABA standard to the number of credits offered for this class, you should plan on spending a total of 9 hours per week (3 in class and 6 preparing for class) on course-related work.
Preliminary Projected Reading Schedule (Subject to Change):

1st Class (Tuesday, Aug. 18, 2020) – Intro/Income:
