- Appreciate the policy issues underlying basic ethical questions that arise in the health care environment.

- Be able to identify and analyze ethical/legal problems arising in the health care environment using the IRAC methodology.

Course Outline:
An outline of dates and assignments for the course can be found beginning on page 3 of this Syllabus. This outline, while generally accurate, is subject to change as circumstances may require. The official outline of dates and assignments will be found on the TWEN Page for the course.

Also, early in the semester, we plan to meet with each student individually for a few minutes and have a brief conversation about course expectations, both yours and ours.

Grading

- **Midterm Examination – 20% – Due October 4, 2021**
  The midterm exam is a three (3) page, take-home written analysis of a hypothetical ethical problem / issue relevant to class assignments and discussions to date of the student’s choice, subject to the advance approval of the instructors. Eighty percent (80%) of the mid-term grade will be based on subject-matter knowledge, the ability to analyze the problem, and apply the law to the problem presented. The remaining twenty percent (20%) will be based on grammar, punctuation, and other style elements. The mid-term assignment will constitute
20% of the final grade. The mid-term exam must be turned in electronically to Professors Britton and Ryan not later than 4:00 p.m. on October 4, 2021.

- **Final Examination – 80% – Due by the regularly scheduled final exam period for this class, established by the Associate Dean and the Registrar.**
  The final exam will be a 12-page scholarly paper which is an original work on a preapproved topic, carefully edited and properly referenced. The exam will be graded solely on demonstrated knowledge, analysis, and application of the relevant legal principles and public policies underpinning ethical issues in health care. It will account for 80% of the class grade.

- **Class Participation** – An additional .1 or .2 may be added to the student’s final grade based on the quality and regularity of class participation. Class participation presumes attendance, responses to direct questions from faculty and overall engagement in class discussion.

**Attendance**

This course meets on Mondays and Wednesdays from 11:00 a.m. to 12:15 p.m. Class starts promptly at 11:00 a.m., so please be on time and ready to go. As specified in the *Rules of the Southern Illinois University School of Law*, “[r]egular attendance to class meetings in all courses is expected and required of all students.... Attendance will be taken in class and attendance records will be kept. Violation of this rule shall subject the student to penalties....” Since ours is a small class, roll will be taken at the beginning of each class.

- Students may have no more than a maximum of six (6) unexcused absences. Students with more than six (6) absences will be referred to the Associate Dean and will be given the lowest possible grade – a failing grade – for the course.

- In addition, students will be called on in class and are expected to be prepared. Being “prepared” means being ready and able to intelligently discuss all facets of the assigned materials. Students found to be unprepared by the Professors will be marked absent for the day. If for some good, verifiable reason (in the view of the instructors) you are unprepared for class, please let both of us know by 9:00 a.m. the day of class. You may still be counted as absent, depending on your excuse, but you will not be called on and humiliated. Do not abuse this privilege. The penalty for abuse is to take required, public dance lessons from Professor Brittingham.

- Students may NOT “Note Out” of this class.

**Faculty Availability Outside of Class**

- **Professors Ryan and Britton:** Professors Britton and Ryan are available by email and telephone for brief questions or to make in-person appointments to discuss matters related to the class. You can email Dr. Ryan at marsharryan@siu.edu or you may call her at 618.528.4897. Professor Britton can be reached by email at tbritton@siu.edu or by telephone at (618) 521-5853.
Class Assignments & Schedule

General Comments:

- The readings are assigned by week with each week typically having two sessions. Please refresh/re-read the week’s assignment before the second class period of the week.
- News of the Day (NOTD) will be a requirement of each student at some point in the semester.
- Basically, NOTD is a brief oral presentation made by an individual student on an ethical issue relevant to the course. The presentation should summarize and analyze a current article, podcast or other presentation/publication from the news which touches on a topic relevant to class content.
- State and Federal surveys will be required for each topic. These surveys summarize activities taken by state or federal actors on a topic relevant to the class. For example, Oregon legislators have introduced bills which would substantially modify the states ‘right to die’ statute. Or, the United States Supreme Court has agreed to hear a case from Texas dealing with the death penalty... Each student will be assigned specific states and a federal court to follow.
- Again, the basic texts are: Furrow, et al., Bioethics: Health Law and Ethics (8th ed, 2018), and Johnson, et al., Health Law and Bioethics (2009). Additional materials will be posted on TWEN.
- In addition students can expect three evening sessions to hear a guest speaker, to watch a film relevant to the course, and to engage in an evening exercise on death and dying.
