What you can expect to learn: This class is the first semester of a year-long course, a course that is taught to just about every first-year law student in the United States. In this semester you will learn what kinds of property there are, how people can get that property, how they can get rid of the property, and how they can have the property taken away. That sounds pretty vague, right? To be more specific, you will learn to identify the kind of interest someone has in property, how that interest can be transferred to someone else, and what kind of challenges are posed when the package of property rights is split between different people. Some of this will seem like space alien stuff, and some of it, like landlord/tenant law, will be more familiar.

And you will learn more than just the law of property. You will learn to identify sources of law, analyze statutes and cases, apply law to new facts, and explain what you have learned to others. Along with your other first year classes, this class will help form the foundation of your professional service to your clients and your community.

Attendance: Be here, be here virtually, however you swing it, be a part of class. I work hard to make sure class time is valuable to you. And if you miss more than six classes, you will not be allowed to take the final. But plan to do more than just attend class. Plan to be engaged in each class. The more you are actively engaged, the more you will be able to retain and use the law that we study.

One way that all students will be able to participate in class is by being one of the daily note-takers for class. Your notes and outline of the day will be shared with the rest of the class, and you will get to provide a quick recap of the class in the following class session.

Workload expectations: You might not have thought about how much work you will put into each class, but the American Bar Association has! According to ABA Standard 310(b)(1), “a “credit hour” is an amount of work that reasonably approximates: (1) not less than one hour of
classroom or direct faculty instruction and two hours of out-of-class student work per week for fifteen weeks, or the equivalent amount of work over a different amount of time.” This is a three credit hour class, meaning that we will spend two 65 minute blocks of time together each week. The amount of assigned reading and out of class preparation should take you at least three hours for each class session and six hours for the week. If the math is getting hard, plan on spending at least nine hours per week (three in class and six preparing for class) on course-related work. Sometimes it will take more, and sometimes it will just feel like more – but it’s worth it.

**Grades:** Your grade will be based on the following factors:
- A quick oral quiz: 5 points
- Two short papers: 10 points each
- A mid-term exam: 20 points
- A final exam: 55 points.

At the end of the course I will add your points for the semester and apply the required median and required curve for a first-year class to calculate your grade for the course.

**D2L:** Keep posted on news, assignments, any changes in the syllabus and other good stuff through D2L.

**Office hours:** I am a super nerd and I’m in my office a lot. Stop by any time to say hello and convince yourself that you can actually talk with a professor. Or email me with a question. Or call me. Or text me. Really. I want to get you to be able to tell me when you don't understand something. You don’t need an appointment, but if it helps you to schedule yourself, make an appointment. I am happy to meet with you in my office, which has a window that I can open any time. I am also happy to meet anyone outside, weather permitting. If the school has to shut down in-person contact, I will be just as available by phone, text, Zoom, email, mind meld or any other way that works.

**Recording class sessions:** Classes will be recorded and posted. The recordings work most, but not all, of the time. If you know you are going to have to miss a class, have a friend take notes for you.

**Final exam:** The final exam in this class will be held on Tuesday, December 7, at 8:15am.

**COVID-19:** SIUC’s policy on face masks and social distancing is consistent with the guidance from the Centers for Disease Control and Prevention and the Illinois Department of Public Health. For up-to-date information, students, faculty, and staff should visit SIUC’s COVID website ([https://siu.edu/coronavirus](https://siu.edu/coronavirus)), which includes the Saluki Safety Plan. People can also send email to pandemicinfor@siu.edu.

**Stress!** The University and the School of Law recognize that there are lots of potential stressors in your life. Here is some information on Saluki Cares, a campus-wide effort to be there to support you: The purpose of Saluki Cares is to develop, facilitate and coordinate a university-wide program of care and support for students in any type of distress—physical, emotional,
financial, or personal. By working closely with faculty, staff, students and their families, SIU will continue to display a culture of care and demonstrate to our students and their families that they are an important part of the community. For Information on Saluki Cares: (618) 453-5714, or siucares@siu.edu, http://salukicares.siu.edu/index.html. At the School of Law, Assistant Dean Judi Ray is also available to help students access university resources. Her email is judiray@siu.edu, and her phone number is 618-453-8135.

Disabilities and accommodations: I want everyone in this class to succeed. If a disability is challenging you, here is some information about how to seek accommodations: SIU Carbondale is committed to providing an inclusive and accessible experience for all students with disabilities. Disability Support Services coordinates the implementation of accommodations. If you think you may be eligible for accommodations but have not yet obtained approval please contact DSS immediately at 618-453-5738 or disabilityservices.siu.edu. You may request accommodations at any time, but timely requests help to insure accommodations are in place when needed. Accommodations and services are determined through an interactive process with students and may involve consideration of specific course design and learning objectives in consultation with faculty. Upon completion of a Disability Accommodation Agreement with DSS, students should bring the agreements for each course to the School of Law Registrar’s Office to ensure the School of Law provides the proper classroom and examination accommodations. Accommodation request and renewal forms can be found here.

Tornado? Flood? We ask that you become familiar with Emergency Preparedness @ SIU. Emergency response information is available on posters in buildings on campus, on the Emergency Preparedness @ SIU website, and though text and email alerts. To register for alerts, visit: https://emergency.siu.edu/

Tentative schedule:
This is the target schedule for the semester. I expect it will change some over the course of the semester. As those changes are made I will post the revised syllabus on D2L. For each class day I have noted a summary of the topic, the reading assignment from our text, and a musical reference that has almost no educational purpose. 😊
